

# WE FIND MINES

Before the First Step

**NIITEK'S R-VISOR  
ON TALON®**

**NIITEK'S VISOR™ 1050 ON  
FOSTER-MILLER TALON®**

**NIITEK MINESTALKER II™  
WITH VISOR™ 2500**

**HUSKY MOUNTED  
DETECTION SYSTEM  
(HMDS) WITH VISOR™ 2500**

## Innovations in Countermining Operations

NIITEK's high performance Ground Penetrating Radar demonstrates breakthrough performance—detecting and identifying buried explosive hazards.

- High probability of detection and low false alarm rates
- Modular scalable packages for a wide variety of vehicles
- Advanced ATR algorithms
- Intuitive control software and displays
- Integrated advanced metal detection
- Precision GPS tagging and automatic marking
- Remotely controlled systems
